SUMMARY

An enthusiastic, hardworking, ambitious, and goal-oriented individual seeking professional and personal development. Dedicated to giving my best to any role assigned to me.

WORK EXPERIENCE

Software Developer Intern at Practo.com, Bengaluru   Feb 2025 – Present

- Developed core logic for new product features in collaboration with the engineering team.
- Resolved production bugs, enhancing system reliability and user experience.
- Participated in code reviews, agile sprints, and deployment processes.

Member, Training and Placement Cell   Mar 2024 – Present
Communicated with companies and coordinated campus recruitment drives effectively.

Co-founder, Baysick.co.in   Sept 2023 – Present
Co-founded a fast-fashion brand; oversee promotions and maintain strong brand presence in the market.

PROJECTS

Cashless v2 & Care Plan Payments Backend (Ruby on Rails)
Built end-to-end backend for Cashless v2 payments enabling instant UPI settlements at clinics via QR scan. Integrated Razorpay sub-merchant onboarding with KYC and UPI validation. Designed and implemented real-time settlement flow, removing need for dashboards or manual tracking. Owned complete backend service, from schema to deployment, with high collaboration across product and ops teams.

Medicover Integration
Developed an integration between Medicover's existing APIs and Practo's internal software (Qikwell), enabling seamless communication and data exchange between the two systems.

Healthcare App
Created a full-stack healthcare application using Spring Boot, HTML, Elasticsearch, and MySQL.

EDUCATION

2021 – 2025	B.Tech, Electronics and Communication Engineering, **Maulana Azad National Institute of Technology, Bhopal**	(GPA: 8.28/10)
